SEAMO appoints members to the Resources Committee

The SEAMO Governing Committee appointed members of the Resources Committee. Members are: President of CTAQ, Hugh MacDonald, Hoshiar Abdollah, Joel Parlow, Victor Tron, Dale Mercer, and the Chair of the Deliverables Committee, once appointed.

The Nominating and Governance Development Committee will review the Terms of Reference of the Resources Committee. This review could result in changes to the Terms of Reference and to the committee's membership.

Method for distributing 2009/2010 AHSC AFP incremental funds approved

Following a careful reconsideration of the allocation of the 2009/10 AHSC AFP incremental funding, SEAMO Governing Committee approved the allocation at its regular meeting on May 04. As in the past, the allocation provides recognition of departmental activities in medical education, postgraduate training, research, clinical activity, and clinical "repair".

The 2009/10 allocation is explicitly transitional. In a previous decision, the Governing Committee adopted the report of the Task Group on Allocation System Review (TGASR). This will result in the AHSC Academic Fund being redirected over time to a Strategic Research Fund and to an Education Fund. This money will then no longer be available for retroactive adjustments in compensation. In addition, the Resources Committee has been asked to review and bring forward recommendations on the future allocation of the Clinical Fund.

Clinical Unit	Undergrad	Postgrad	Research	Clinical Repair	Billing Recognition	Total
Anaesthesiology	\$124,732	\$120,061	\$87,378	\$0	\$563,403	\$895,573
