

eVisit Selection Criteria

The purpose of this selection criteria list is for a physician and/or secretary to determine which patients are eligible to participate in an eVisit appointment.

- Medical condition ideal for an eVisit follow up as decided by the physician
- Patient has no limitation to do eVisit
 - No Cognitive or physical disability interfering with doing an eVisit
 - No communication / Language difficulty
 - If patient has an above limitation to do eVisit, ask if there is a friend / family to help with the eVisit
- Patient / SDM willing to do an eVisit
- Patient / SDM has access to technology
 - Have compatible device (smartphone / tablet/computer with camera/microphone)
 - Access to internet
- Patient/SDM has secure location to do eVisit
