| <p>NOTE: By submitting this application and, when applicable, subsequently accepting an award from the Clinical Research Fellowship Program (CRFP), the Department Head agrees that the time devoted by the awardee to research training shall not be less than 0.8 full-time equivalent and that the awardee shall apply for external funding of his or her research fellowship in accordance with the requirements of the CRFP.</p> | | | |
| Department Head Signature | | Date | |

Instructions

Complete all pertinent sections.

Applications are due on September 1, 2018 in both paper and pdf/electronic formats.

Please provide one original, signed hard copy application package to:

Dr. Chris Simpson
c/o LeeAnne Howland
Chair, Clinician Scientist Program Committee
Medical Director, Southeastern Ontario Academic Medical Organization
Vice-Dean (Clinical) Faculty of Health Sciences
Queen's University
18 Barrie St., Macklem House
Kingston, ON K7L 3N6

The application package must also be sent in pdf/electronic format to: seamo@queensu.ca. Please note that as long as the original hard copy package has signatures, it is not necessary to scan and convert the signed word documents to pdf format before submitting in electronic format.

The application for a New Award must include the following information:

- 1) Name the research supervisor(s) and briefly describe the focus and resources of the research program within which the candidate will pursue training.**
- 2) Briefly outline the candidate's program of research and how it will be supported.**

- 3) Provide a summary of the candidate's previous research experience, highlighting his/her successes and accomplishments.**
- 4) Provide an assessment of the research potential of the candidate and describe how the proposed research training relates to the candidate's career plan.**
- 5) The candidate's curriculum vitae.**
