The Ministry of Health and the Ontario Medical Association have been working together to implement physician compensation increases in accordance with the 2021 Physician Services Agreement.

As per [INFOBulletin #220401-Temporary Increases for Physician Services Payments](https://www.health.gov.on.ca/en/pro/programs/ohip/bulletins/redux/bul220401.aspx) <https://www.health.gov.on.ca/en/pro/programs/ohip/bulletins/redux/bul220401.aspx>, Year 2 (2022-2023) of the Agreement provided a temporary 2.01% global increase to the value of Fee Schedule Codes (FSCs) for physician services rendered between April 1, 2022 and March 31, 2023.

Hospital technical fees are not eligible for the temporary 2.01% increase. Due to the complexity of the change, these codes have been receiving the increased value until a system change could be implemented.

Effective August 1, 2022, technical fees in hospital with a service date on or after April 1, 2022, processed through the OHIP claims system will pay at the Schedule of Benefits for Physician Services (Schedule) rates.

A Medical Claims Adjustment (MADJ) will be required to reprocess claims for technical services performed in hospital that were assessed between April 1, 2022, and July 31, 2022.

Further information will follow in advance of the Medical Claims Adjustment.

## Technical Services Performed in Hospital

<<https://www.health.gov.on.ca/en/pro/programs/ohip/bulletins/redux/bul220401.aspx>>
